

# Agile Team Practice Fundamentals

---

**David Starr**

PRINCIPLE SOLUTIONS ARCHITECT

@ElegantCoder [www.elegantcode.com](http://www.elegantcode.com)

# Overview/ Summary

## **This is about Agile Methodologies**

- How we work together
- Not one line of code

## **Instructor Led Training**

- Much of the learning comes through facilitated discussion
- Includes interactive workshops that are not possible online
- The ILT version of this course is tailored for your team

## **Pluralsight on Demand**

- Content is useful as reference material
- Can help talk with influencers in your organization

# Overview/ Summary

**Agile and Why It Works**

**Agile Requirements and Estimation**

**Scrum**

**Agile Planning**

**Lean Software Development**

**Agile Patterns and Anti-Patterns**
